SizeDerived: 125x22mm

Description

SuperBleue5 is unique high performance Zirconium Flap disc from Norton, offering a higher and faster metal removal rate than standard products. Designed to grind faster and last longer, it is ideal for all heavy duty applications.

Caractéristiques & Bénéfices

100% sharp Norzon grain for a faster cut from the very beginning

Lower disc wear for longer grinding time, without loss of cut throughout disc life

Ideal on medium to high pressure applications on carbon steel and hard metals

Abrasive cloth is made in France, and disc is converted in our italian plant.
