Description

Norton Pro Rotolo Foam pre-cut sheets combine Norton Pro A275 sanding paper with a special foam backing, making it ideal for fine sanding on round edges, contours and curves, providing an outstanding finish on primers and top coats. It is conveniently packaged in a dispenser box with colour coded labels to a specific grit size for easy product recognition.

Features & Benefits

Norton Pro A275 is a premium abrasive available in the full grit range for all common sanding and finishing applications , Premium Aluminum oxide foam rolls are water-resistant, for dry or wet sanding. Washable

25m long roll of pre-cut sheets, easy to use and economic , Flexible foam backing is ideal for use on round edges, contours and curves without breaking through the paint

Excellent for fine sanding with high finishing level , Rolls are washable, meaning dust is removed and each section can be reused

Ideal for use on round edges, contours and curves without breaking through the paint surface , Rolls are packed in a handy dispenser box and have colour coded labels that show the grit size for quick product selection and easy storage
