

Norton BlazeX F970X Fibre Disc Disque fibre Fibre 125x22mm Gr36 Norton BLAZE X

Artical Number: 78072718988

EAN:

SizeDerived: 125x22mm

Description

Power through tough applications quickly with the next generation BlazeX STEEL

Caractéristiques & Bénéfices

A new and improved ceramic grain composition : the micro-fracturing grain constantly exposed sharper grain edges to significantly increase cut rate and life, for fast and smooth cutting on carbon steel and other soft-to-grind metals.

Tear resistant – heavier fibre backing for additional strength in tough applications

Available in different diameters, with a comprehensive grit range to suit your application needs

Applications

Matériaux d'application:

Acier, Métal non-ferreux

Machine:

Meuleuse d'angle

Process d'application:

Gros enlèvement de matière

Equipements de protection individuelle:

Donnée Techniques

Sous-forme CA: Disque abrasif plein avec alésage à encoches

Taille de grain:

36

Nature du support: Fibre $\leq 0,6$ mm

Diamètre:

125 mm

Code Cap: F970X

Alesage:

22 mm

vitesse de rotation max (RPM):

12250 rpm
