### FLEXIBLE ACCORDION TOP

Keeps out debris while remaining comfortable while walking

The versatile solution for wet and dirty jobs, from concrete to gardening. Pliable outer shell protects the knee on rough terrain while preventing scratches on the most delicate surfaces. Closed cell, high-density foam provides all-day comfort. Flexible accordion construction keeps out debris and maintains comfort while walking. A single elastic strap wraps around the upper calf avoiding painful bunching behind the knee. Easily cleaned off with water after every job.
